section is an NCO School, and therefore has a special organization. The gun platoons are not divided into half-platoons but into four gin's unus, each with a single gun. The commander of the low Buttery is tieut. Janos 1. Janob. The buttery has a radio sound and two platoons. Its strength is five officers, 14 NDS and 125 to liv men. The and buttery is similarly organized. The men of the lot location are mixed, half of them belonging to older alwayer, back to 1922. NDS training lasts four months; the personnel is thus changed three times a year. The let Authery is armed with eight AT guns, 57 mm; the 2nd Pattery with eight 76.2 mm. T guns.

- 6. The 2nd Section is 280 to 290 strong and consists of two bittories. The 3rd Section has 255-270 men and two battories. The 2nd ection has twenty-two 57 mm 4T gans, and there has been discussion of organizing a third battery under it. The 3rd section has eight 16.2 mm if gans.
- 7. Firing exercises are held on the target range at Engageness [sig]. The guns fire at 5,000 m range at wooden targets of the size and shape of a cank. Very artiflerist must fire at least twice. Two hits are obtained in every 15 shots. The firing training is considered very good.
- 8. During 1952 and 1953 reserves of the classes 1922 to 1926 were recalled for refrasher training, almost all of them men who served in the artillery in World War II. Between 35 and 50 percent of them become Nico.
- 9. Discipline is very severe. The officers are all reliable Communists.
- 10. The outo park of the regiment consists of mix jeeps, in timess, of meapon prime wovers, and two passenger cars.
- 11. The old infantry barrocks is 620 m north of the referred station. It has been reconstructed and can take 600 men. It is not obserted by an infantry battalion of 450 to 470 men.
